

CURRICULUM VITAE

Prof. Dr. med. Ulrich Hegerl
Klinik und Poliklinik für Psychiatrie
Universität Leipzig
Simmelweisstraße 10
04103 Leipzig
GERMANY

5th June 1953 born in Munich

Education

1973-1978 University of Erlangen, Erlangen, Germany (Medicine)
1987 Freie Universität, Berlin, Germany (Psychiatry, Neurology)
1990 Freie Universität, Berlin, Germany (Psychotherapy)

Positions and Employment

1977-1978 Medical internship, University Hospital, Rennes, France
1979-1980 Military physician (required service) Bayreuth, Germany
1980-1989 Residency and fellowships in the Department of Neurology, the Department of Clinical Psychophysiology, the Department of Clinical Psychiatry, the Laboratory of Clinical Psychophysiology, and the Laboratory of Clinical Psychopharmacology, Freien Universität, Berlin, Germany
1986-1994 Resident, senior resident and supervising psychiatrist, Berlin Lithium Clinic, Berlin, Germany
1994-1998 Supervising psychiatrist in various divisions: Depression Unit, Geriatric Unit, Relapse Prevention of Affective Disorders (Outpatient), Obsessive-Compulsive Disorders Clinic (Outpatient), Psychiatric Clinic of Ludwig-Maximilians-University, Munich, Germany
1995-2006 Head of Clinical Neurophysiology, Ludwig-Maximilians-University, Munich, Germany
1998-2006 Professor of Psychiatry, Psychiatric Clinic, Ludwig-Maximilians-University, Munich, Germany
1999 – Head of the German Research Network on Depression and Suicidality
2004 – Head of the European Alliance Against Depression (www.EAAD.net)
2006 – Chair and Medical Director of the Department of Psychiatry, Leipzig University, Leipzig, Germany
2008 – Head of European research project “Optimized suicide preventive programme and its implementation in Europe” (OSPI, 7th Framework Programme of the European Commission)

Scientific field

- Supply oriented research
- Suicide-prevention
- Brain-function-diagnostics via EEG and EKP in combination with MRT, fMRT, SPECT
- Manumotoric and mimic of psychiatric patients
- Biological correlates of Obsessive Compulsive Disorders (OCD)
- Psycho- and pharmacotherapy of minor and subdiagnostic depression

Awards

- 2003 Clinic Promotion Award 2002 of the Bavarian Federal State Bank for the project: „Nuremberg Alliance against Depression“
- 2003 Hermann-Simon-Award for Social Psychiatry for the project: „Nuremberg Alliance against Depression“
- 2007 „European Health Award“ (1st price) for the project „European Alliance against Depression“

Qualified research projects of the last three years

Project director	sponsor	Project title	term	granted funds
Prof. Dr. Ulrich Hegerl	BMBF	Competence Network Depression, Suicidality	2009	15.800 T€
Prof. Dr. Ulrich Hegerl	EU	European Alliance Against Depression	2009	1.760 T€
Prof. Dr. Ulrich Hegerl	BMWi	Center of Psychosocial Coaching in the frame of KompAQT – Competence Network for work, qualification and transfer	2010	300 T€
Prof. Dr. Ulrich Hegerl	Claussen-Simon-Stiftung	Endowed Professorship „Neurology of affective disorders“, (announced for the period of 6 years, start 2008)	2014	640 T€
Prof. Dr. Ulrich Hegerl	EU, FP7	Optimized suicide preventive programme and its implementation in Europe (OSPI)	2014	2.996 T €

Memberships

- European College of Neuropsychopharmacology (ECNP)
- Collegium Internationale Neuro-Psychopharmacologicum (CINP)
- Arbeitsgemeinschaft für Neuropsychopharmakologie und Pharmapsychiatrie (AGNP) (Working group of Neuropsychopharmakology and Pharmapsychiatry)
- Deutsche Gesellschaft für Psychiatrie, Psychotherapie und Nervenheilkunde (DGPPN) (German Association of Psychiatry, Psychotherapy and Neurology)

- Deutsche Gesellschaft für Klinische Neurophysiologie (German Association of clinical Neurophysiology)
- International Pharmacoo-EEG Society (IPEG)
- Hirnliga e.V.
- Alzheimer´s Disease International

Psychotherapy

1985 Further educational stay with Prof. Dr. P. Watzlawik at the Mental Research Institute (Palo Alto, "Brief Family Therapy")

1990 Additional title "Psychotherapy" (Psychoanalytic oriented therapy)

Scientific stays

1986 Four week scientific stay with Prof. Dr. H. Maturana in his laboratory for experimental neurophysiology at the Facultad de Ciencias of the Universidad de Chile (Santiago)

1990 Three week scientific stay with Prof. Dr. A. Gevins at the EEG Systems Laboratory (San Francisco)

Advisory Board

- Magazine "Neuropsychobiology"
- Magazine "Pharmacopsychiatry"
- Magazine "Psychopharmakotherapie"

EU and WHO activities

- Member of the WHO Task Force "Depression and stress-related disorders"
- Member of the WHO/Euro Multicenter Study on Parasuicide
- Member of the EU-commission of experts for the publicity of the topic "The economic and social burden of mental health and stress related diseases in the EU" concerning the "Community action in the field of public health" (2003-2008)
- Member at the WHO-project "Mental Disorders in Primary Care"
- Consultant of the European Commission
 - concerning the program "Quality of life and management of living resources", domain 10: "Public Health"
 - concerning the program "Quality of life and management of living resources", domain 9.3: "Brain development, disorders and repair and their clinical, epidemiological and social implications" as well as 9.4: "Behavior, cognition and functional mapping of the brain"
 - concerning the 6th Framework Program: "Life, Science, Health".

Ten publications since 2003

Hegerl U, Mergl R, Henkel V, Gallinat J, Kotter G, Muller-Siecheneder F, Pogarell O, Juckel G, Schroter A, Bahra R, Emir B, Laux G, Moller HJ. Kinematic analysis of the effects of donepezil hydrochloride on hand motor function in patients with Alzheimer dementia. *Journal of Clinical Psychopharmacology*. 2003;23:214-216.

Henkel V, Mergl R, Kohlen R, Maier W, Möller HJ, Hegerl U: Identifying depression in primary care: a comparison of different methods. *BMJ* 2003; 326: 200-201.

Pogarell O, Tatsch K, Juckel G, Hamann C, Mulert C, Popperl G, Folkerts M, Chouker M, Riedel M, Zaudig M, Moller HJ, Hegerl U. Serotonin and dopamine transporter availabilities correlate with the loudness dependence of auditory evoked potentials in patients with obsessive-compulsive disorder. *Neuropsychopharmacology*. 2004;29:1910-1917.

Hegerl U, Mergl R, Henkel V, Pogarell O, Muller-Siecheneder F, Frodl T, Juckel G. Differential effects of reboxetine and citalopram on hand-motor function in patients suffering from major depression. *Psychopharmacology*. 2005;178:58-66.

Mann JJ, Apter A, Bertolote J, Beautrais A, Currier D, Haas A, Hegerl U, Lonnqvist J, Malone K, Marusic A, Mehlum L, Patton G, Phillips M, Rutz W, Rihmer Z, Schmidtke A, Shaffer D, Silverman M, Takahashi Y, Varnik A, Wasserman D, Yip P, Hendin H. Suicide prevention strategies: a systematic review. *JAMA*. 2005;294:2064-2074.

Mulert C, Jager L, Propp S, Karch S, Stormann S, Pogarell O, Moller HJ, Juckel G, Hegerl U. Sound level dependence of the primary auditory cortex: Simultaneous measurement with 61-channel EEG and fMRI. *NeuroImage*. 2005;28:49-58.

Hegerl U, Althaus D, Schmidtke A, Niklewski G. The Alliance against Depression: two year evaluation of a community based intervention to reduce suicidality. *Psychol Med*. 2006;36:1225-1234.

Mulert C, Juckel G, Giegling I, Pogarell O, Leicht G, Karch S, Mavrogiorgou P, Moller HJ, Hegerl U, Rujescu D. A Ser9Gly polymorphism in the dopamine D3 receptor gene (DRD3) and event-related P300 potentials. *Neuropsychopharmacology*. 2006;31:1335-1344.

Mulert C, Leicht G, Pogarell O, Mergl R, Karch S, Juckel G, Moller HJ, Hegerl U. Auditory cortex and anterior cingulate cortex sources of the early evoked gamma-band response: relationship to task difficulty and mental effort. *Neuropsychologia*. 2007;45:2294-2306.

Pogarell O, Juckel G, Norra C, Leicht G, Karch S, Schaaff N, Folkerts M, Ibrahim A, Mulert C, Hegerl U. Prediction of clinical response to antidepressants in patients with depression: neurophysiology in clinical practice. *Clin EEG Neurosci*. 2007;38:74-77.
